MANAGING
MULTIPLE PROJECTS

Comprehensive PMO

COMPREHENSIVE PMO PROGRAM FOR EXPERIENCED PROJECT/PROGRAM MANAGER WHO MANAGE MORE AND COMPLEX PROJECTS

ID. 2653

A Global Registered Education Provider (Global R.E.P) of Project Management Institute, USA
MANAGING MULTIPLE PROJECTS (Comprehensive PMO)

WHY?

Managing several projects requires another set of skills & knowledge compared with managing only one at a time.

Corporations are managing countless projects and programs everyday. Projects and programs are the backbone of their business that dictates their sustainability, existence and sometimes dominance in the market. Therefore their ability to manage their projects and programs, and to control their project portfolio is truly the key to their success. This program will help both the organization and the management how to make sure that they address this very issue effectively.

WHO SHOULD JOIN?

Managing Multiple Projects (Comprehensive PMO) program is uniquely designed for:

PMO (Project-Program Management Office) Manager, Program Manager, Project Portfolio Analyst, Senior Manager and Project Managers who are continually running multiple projects at one time.
In this program, the project management practitioners will learn:

- Project prioritizing methods, resources balancing and risk analysis over the projects.
- Reduce or relieve project risks
- Conform the projects to the organizational strategy
- Define the root-cause of the project problem
- Track and create multi-project reports accurately
- Enhance and empower resources by maintain its quality
- Balance the project portfolio for the organizational benefit.
- Challenges in Managing Multiple Projects.
- Project, Program and Portfolio Management.
- Choosing the Right Projects.
- Program Management.
- Hands-on exercise: Run the project properly through a proper plan (Baseline: project organization, WBS, Scheduling, Risk Analysis).
- Project Management Information System for managing multiple projects, PPM Tools.
MANAGING MULTIPLE PROJECTS

COMPREHENSIVE PMO

01 FACILITATORS
DCOptima’s facilitators are project management practitioners/consultants. They have extensive project management experiences and are passionate facilitators. They are nationally and internationally certified in project management area (eg. PMP®).

02 UP-DATED TRAINING MODULES
DCOptima has been delivering the specific subject matter for years. Training modules have been developed by DCOptima Principal Consultant, Chalid Tamimi, since 1998. He and young energetic young professional have been updating the modules since then continuously, adopting latest technology.

03 KNOWLEDGE MANAGEMENT
DCOptima operation is supported by knowledge management system that has been working for years. DCOptima approach enables partners and clients to build long term and sustainable learning programs with extensive repository system.
DCOPTIMA EXPERIENCES

DCOptima offers a wide range of learning programs from public training to customized in-company workshop and coaching programs in project management as well as in business analysis areas.

As a Global Registered Education Provider (Global REP) of PMI®, No. 2653, DCOptima has strong commitments to the quality delivery and continuous improvement initiatives in all of DCOptima programs.

In the last ten years, DCOptima has consistently delivered various project management workshop programs for more than 3,500 executives, managers and project professionals across Indonesia and beyond.
MANAGING MULTIPLE PROJECTS
(Comprehensive PMO)

WHY DCOptima?

There are several reasons why DCOptima is the best partners for your professional development in project management area.

Global Standard
DCOptima is a Global Registered Education Provider (Global R.E.P.) of Project Management Institute (PMI). It is a globally recognizable status of quality project management education provider. Participants will get standardized knowledge of PM and they will get the same materials with other PMBOK® Guide learners globally.

+ Digital Learning

Every participant can continue learn Project Management after the class session by using DCOptima’s project (portfolio) management tools, DCOMonicon, for 3 months.

DCOptima training program such as PMP® Exam Preparation is also supported by digital simulation application which the participants can get for free for their preparation.

Credibility

DCOptima is Consulting with hands-on and well-proven practical experiences and dedication to the improvement of PM knowledge in Indonesia. Participants will get the knowledge from a ‘real and credible’ organization player in Indonesia’s project management environment.

Dedicated Team

DCOptima Training unit team is a fully dedicated one from DCOptima family. DCOptima has been delivering the specific subject matter for years. NOT in ‘part-time’ basis. DCOptima’s clients & partners will always be able contact our representative anytime before and after your program is delivered. DCOptima clients can develop a sustainable professional development program of project management subject with standardized format and open for continuous improvement in the future without having to re-inventing the wheel.

Easy and Fun Learning

Since years, DCOptima has been putting lots of effort to create atmosphere and learning condition that make serious subject like Project Management training become noticeably easier and fun.
